## NON-RECEIPT OF NOTICE OF NON-COMPLIANT AMENDMENT

Examiner Suzy Tsang-Foster  
United States Patent and Trademark Office  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Ms. Tsang-Foster:

**Re: United States Patent Application No. 09/855,018**  
**For: BACK SIDE FLOW**  
**Filing Date: May 15, 2001**  
**Applicant: FRANK, David et al.**

---

We hereby submit that we have never received a Notice of Non-Compliant Amendment for an Office Action that we submitted for the above-noted patent application. We respectfully request that the Examiner resend the Notice of Non-Compliant Amendment so that we can submit a revised response. The relevant facts are set out below.

You contacted me on December 20, 2004 to report that a Notice of Non-Compliant Amendment was mailed on June 18, 2004 for a response that was submitted for the above-noted U.S. patent application. You then asked if the Applicant was still interested in pursuing the application to which I replied that the Applicant is still very much interested in this application.

After conducting the searches as set out hereinbelow, I am satisfied that the Notice of Non-Compliant Amendment apparently mailed on June 18, 2004, was not received by the undersigned's firm.

After the telephone discussion between the undersigned and Examiner Tsang-Foster, an examination was conducted of the appropriate file. I confirm that there is no copy of a Notice of Non-Compliant Amendment mailed June 18, 2004 in this file.

Scotia Plaza, 40 King Street West, 40th Floor, Toronto, Ontario, Canada M5H 3Y2  
Tel: 416.364.7311 Fax: 416.361.1398 [www.bereskinparr.com](http://www.bereskinparr.com)

TORONTO MISSISSAUGA WATERLOO

All correspondence received by this firm from any Patent Office including the U.S. Patent and Trademark Office is first opened by the firm's mail room staff. Upon opening the correspondence, the firm's staff is trained to review the correspondence to determine whether any due dates for response are set out in the correspondence. When it is determined that a due date does exist, the due date is entered against the file in the firm's computer retrievable system. If the due date had been entered against this application, then it would have appeared in our firm's due date system under our firm's file number 9351-60 which is the file identifier number for this case. A copy of a printout of the firm's computerized records for this application is attached to this request. The first page of the printout identifies the application by reference to various parameters including our file number, the client name, official title of the invention and the like. At the middle of page 1 there is an area entitled Due Dates. It will be observed that there is only one due date entered against this application (a check due date to call the Examiner re: Notice of Non-Compliant Response). In this particular case the due date history, which begins near the bottom of page 1, shows that due dates have been entered for the filing of an information disclosure statement, for responding to missing parts, for checking that the filing receipt has been received, for checking that an office action has been received and for reminding the Applicant regarding the filing of foreign applications. The due date of February 23, 2003 indicates that an Office Action was received April 11, 2003. A response to this Office Action was filed on September 2, 2003. The due date of February 19 indicates that another Office Action was due on February 19, 2004. A response to this Office Action was filed on May 19, 2004. However, there is no indication in connection with the due date history that a Notice of Non-Compliant Amendment was received or marked as being done between June 18 and December 20, 2004.

During another phone call with you on January 12, 2005, you told me to search the firm's mail log for the two-week period starting from June 18, 2004 to determine if we had received the Notice of Non-Compliant Amendment and to submit this as proof of non-receipt.

I confirm that I have printed off a copy of the firm's mail log for the two-week period beginning on June 18, 2004 and ending on July 2, 2004 and that there are no entries for receipt of any documents for file 9351-60. A copy of the relevant portions of the mail log is attached for your review.

Having done all these checks I am satisfied that we did not receive the Notice of Non-Compliant Amendment. If we had received the Notice of Non-Compliant Amendment it would have been entered into the firm's due date system which has not been done. In view of the foregoing, the undersigned respectfully requests that the Examiner reset the time period for responding to the Notice of Non-Compliant Amendment and that a copy of the outstanding Notice of Non-Compliant Amendment be mailed to the undersigned for response in due course.

This statement is made by the undersigned who declares that all statements made herein of my own knowledge are true and that all statements made on information and

belief are believed to be true and further, that these statements are made with knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of the Title 18 of the U.S. Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Respectfully submitted,

Tony R. Orsi  
Registration No. 55,831
